

GOALS OF REDEPTIVE EDUCATION

Redemptive Educators actively pursue specific goals, goals that are not always shared by our culture. We avidly invest in our beloved young souls to help them grow in their ability to:

OBSERVE the world with alert attentiveness.

PURSUE answers to essential questions with initiative and perseverance.

REMEMBER important things with accuracy and comprehension.

ARTICULATE enduring understandings in writing, in speech, in other ways.

SHAPE DECISIONS and actions using intellect, discernment, and applied wisdom.

CULTIVATE AFFECTIONS to love what God loves, to honor what He honors.

SERVE OTHERS selflessly with great love and humility.

EXPLORE God's world with joyful confidence.

DISCOVER vocation, "God's calling," as our place in God's world.

EXPERIENCE Christ: His Grace, His Truth.
